

# Clean Up! Scavenger Hunt

This scavenger hunt may take place in your yard or somewhere else. Beaches are great places to go to collect litter as it washes up in the daily tides. Check the tides before you go! We advise wearing gloves when picking up trash. Bring a bag to put trash in. Try to identify what the pieces of trash were. Was it a candy wrapper or a bottle top? Count the pieces of trash you find and collect and total them up at the end. How many pieces of litter did you pick up today?

Paper	Plastic	Metal	Other

TOTAL Number of Pieces of Trash: \_\_\_\_\_
