### About Ferry Landing

Ferry Landing Natural Area was acquired, in 2014, when Blue Hill Heritage Trust merged with The Conservation Trust of Brooksville, Castine and Penobscot. TCT acquired the land, in 1990, as a donation from Maine Coast Heritage Trust.

This 23-acre property includes an old ferry landing on the Bagaduce River, with horseshoe crabs, old homestead sites, and views of Castine harbor.

This trail winds through a mostly wooded property, with occasional fields, and a spur trail to an orchard on the Bagaduce River.
